Eric,
Yeah, we're on for Monday. I'd like to get anything the LWG submits to EPA ASAP, so we can look at it. If you get e-file, please send them to us. If you get hard copies, please make us copies. I could pick them up from you or we could meet somewhere for a hand-off.

It looks like we are on for Monday. We should have the cross sections by COB today. Let me know if you have any questions.

Thanks, Eric

Eric, we should be able to get you the boring logs and transects tomorrow after Exec. Thanks, Jim.

All, I think that the 11:00 am time slot on Monday works best for us. Still waiting to confirm but I think this is our best shot. I am envisioning this as a call if we can get transects ahead of time.
